HAS SHE BABY EYES AND PINK TEETH? THEN SHE'LL MAKE A REAL NICE WIFE

Dr. Willard H. K. Johnston in a recent lecture given in Syracuse declared that a few simple rules would show any young man how to pick a successful wife. If you want a wife who likes housework, has a gift at doing dishes and likes to be at home, then pick out one with pink teeth and baby eyes. It is also important that the texture of her complexion is downy. This baby-eyed type makes the ideal housewife.

POLITICAL GOSSIPS

When one class of people has anything to say, it has become largely the custom to make a political issue out of it instead of a friendly discussion, to print it in a law book instead of a newspaper and to argue it before a jury instead of to settle it in the higher courts of Common Sense. As a result, political agitators, political lawyers, political preachers and masculine women are powerful in politics and dissension, selfishness, intolerance and hysteria run rampant in public affairs, for when the low, damp, murky atmosphere of misunderstanding envelopes public thought it breeds political reptiles, vermin, bugs and lice which the pure air of truth and the sunshine of understanding will choke to death.

We have too many self-appointed interpreters of industry who are incapable of grasping the fundamental principles of business and who at best can only translate gossip and add color to sensational stories. No business can stand upon error and misinterpretations of industry who are incapable of grasping the fundamental principles of business and who at best can only translate gossip and add color to sensational stories. No business can stand upon error and misinterpretations of industry who are incapable of grasping the fundamental principles of business and who at best can only translate gossip and add color to sensational stories.

When prejudice, suspicion and class hatred prevail, power gravitates into the hands of the weak, for demagogues thrive upon dissension and statesmen sicken upon strife. The remedy lies in eliminating the middleman—the political gossip—and this can be accomplished by the teenagers of business sitting around the table of industry and talking it over with the people. Interchange of information between industries and the people is as necessary to success in business as interchange in commodities, for the people can only rule when the public understands. Away with political interpreters who summon evil spirits from their prison cells and lower them to prey upon the welfare of the people in the name of "My Country."

Many Babies Suffer.

Too many babies do not get started right because patience and the proper care was not given the hopeful mother. Experienced mothers now urge the use of Mother's Friend, to be had at any drug store, because they know from experience that this old, dependable remedy, applied externally, is absolutely harmless and is very beneficial. It soothes the muscles, cords and ligaments and relieves the undue tension, giving great physical relief from stubborn pains. Its influence in the skin and network of nerves causes the muscles to expand naturally. Thousands of women have successfully used it for two generations.
